COVID Update:

Dear residents, family, and friends,

We wanted to reach out and let you know that two of our staff members have tested positive for COVID. These staff members will remain quarantined and off work for the appropriate amount of time. Please be assured we are continuing to follow infection control measures based on guidance from the Centers for Disease Control and Prevention (CDC) and the Center for Medicare and Medicaid Services (CMS) to help reduce the spread and impact of COVID-19.

Unfortunately, we are unable to allow indoor visits unless it is a compassionate care or end of life visit. We are allowing window visits for any resident that is not in isolation or experiencing any symptoms. We encourage you to connect with your loved ones through video chat, calling, texting, or on social media. If you would like to do a window visit or need assistance with setting up a virtual visit, please contact us at (913) 631-2146.

If our testing reveals no new cases of COVID-19 for the next two weeks we will be allowed to resume all visitation. We will continue to keep you updated with any further changes. Please feel free to contact us at (913) 631-2146 if you have any questions or concerns.

Sincerely,

Michelle Russell, Administrator
Shawnee Gardens HealthCare & Rehabilitation Center
6416 Long Ave
Shawnee, KS 66216
